## **McKinney Continuous Hinges**

McKINNEY products are guaranteed to be free of defects in both workmanship and materials. McKINNEY's liability under all warranties, express or implied, shall be limited to replacement of defective goods. The defective goods must be returned according to the instructions on our returned goods authorization. No products will be accepted without prior authorization. Any bending, defacing or modification of a hinge or strike after leaving our factory will void the warranty.

This guarantee is only valid if the hinges are specified, applied and adjusted in accordance with the instructions contained in the general information section of the McKinney catalog (or individual instructions packaged with product) and on frames and doors that are plumb and square. This guarantee is good for the life of the building.

Please be advised that we do not have operation and maintenance manuals for our products.
